What is Tech–Aarambh ?

"TECH-AARAMBH 2K23-24, A JOURNEY TOWARDS EXECLLENCE…" is a three days long lecture series with hands-on workshops on both **Technical and Non-technical skills**. The programme is being organized by the Department of Information Technology since past **6 years**. This programme is scheduled for overall development of students.

Online Speaker Series is arranged for different topics. All the topics will be helpful to every student to gain knowledge from different areas. Along with this, internal staff members will conduct the hands-on session of **"Object Oriented Programming (OOP)"** for students. On concluding day, there will be **Quiz** on covered concepts of OOP.

What is the purpose of this program ?

- To build foundation of SE students in Technical and Non-Technical skills.
- To overcome the fear of C++ programming and personal development.
- To implement complex code using programming tricks.
- To improve logical reasoning and programming skills.
- To develop and improve interpersonal skills.

**PES's – MCOE
Department of Information Technology**

What will this benefit in the future ?

After attending one week lecture series and workshop, student will be able to:

- Gain knowledge from different areas.
- Improve logic development and programming skills.
- Develop boldness and self-confidence through soft skills.

What points will cover in this program ?

Day #1
Booster to Develop & Improve Analytical Skills

(Creating critical thinking ability)

Day #2
Stepping Into OOPs World

(Making foundation to become IT engineer)

Day #3
IT Industry Approach

(Grooming to become IT engineer)

PES's − MCOE
Department of Information Technology

Who will explain these points ?

DAY #1

Mr. V. A. Naniwadekar
Psychologist, Pune.

DAY #2

Mr. Yogesh Borhade
Western Union, Pune.

DAY #3

Mr. Deepak Tamhane
Quantiphi Analytics, Pune.

PES's – MCOE
Department of Information Technology

When & where we meet ?

Day	Theme	Day & Date	Timing	Details	Resource Person	Designation & Organization
1.	Creating Critical Thinking Ability	07/09/2023 Thursday	10:00 am to 12:00 noon	Booster to Develop and Improve Analytical Skills	Mr. V. A. Naniwadekar	Psychologist, Pune.
2.	Making Foundation to become IT Engineer	08/09/2023 Friday	10:00 am to 12:00 noon	Stepping into OOPs World	Mr. Yogesh Borhade	Western Union, Pune.
3.	Grooming to become IT Engineer	09/09/2023 Saturday	10:00 am to 12:00 noon	IT Industry Approach	Mr. Deepak Tamhane	Quantiphi Analytics, Pune.
